

***In person worship will continue to be paused due to state health precautions –  
10 am Sunday worship will be offered via Zoom from Nov. 29 through Dec. 27***

On Nov. 18, the Executive Board and worship staff reviewed the situation in RI and decided to continue with all virtual worship through the end of the year. On Dec. 16, we will meet again to determine worship in January. As we have done since March, we will continue to prioritize the health of our community; follow the guidance of the state of RI; and using these 2 principles decide when our community is comfortable moving forward with in person worship and other church activities. Thank you for your understanding and your patience. If you have any questions or concerns please feel free to contact Pastor Scott or our Moderator, Carmen Steinbrecher.

Thank you. And be safe, well and faithful.
